VoicePath Convergence Group Inc.
1621 McEwen Dr., Suite 48
Whitby, ON
L1N 9A5

Attention: Joe Hosien

Dear Joe:

Many thanks to you and the staff of VoicePath Convergence Group Inc. for providing such professional service, during the recent telecom cabling installation in our office/warehouse expansion.

All the critical steps including needs analysis, planning, implementation and post installation were carried out with the precision of a proverbial Swiss Watch.

At first I was somewhat daunted by the prospect of maintaining our day-to-day routines while working in a construction zone, fearing the interruptions would be frequent and counterproductive. Happily, and with great relief, I am able to say that we barely noticed your company's presence and in no time the job was completed as proposed.

You most certainly will be invited to participate in any future growth of Normark Inc.

Sincerely
NORMARK INC.
