To whom it may concern:

RE: Voicepath Convergence Group Inc.

It is with much enthusiasm that I am writing to recommend the services of Voicepath Convergence Group Inc.

We have been using Joe and his excellent team for the past few years and we found the company to be highly effective, knowledgeable and quick to respond to issues. Additionally, we have found them friendly and accommodating with our numerous requests, which are always completed to our great satisfaction. They are prompt to contact us and to provide us with solutions. They have been very reasonably priced, and always do exactly what we ask of them.

Our phone system is the key of our business and without Joe and his team we would be lost. We are confident in recommending them to any of our customers and friends.

Sincerely,

Dave Hare CIP
President
