Dear Joe:

As we are about to order our new Nortel Compact ICS system , I wanted to write and tell you how happy we are with your service and products. As you know we have been using your company for the past five years and currently have fifteen systems in operation. We have found your equipment to be very reliable and have had very few issues with the dependability of the systems. In every case whenever we have had a problem you had someone at our offices immediately and our down time was almost non existent. Our phone systems are very important to the safety and well being of our clients. You and your company are a vital part of our business and I look forward to many years working together. Many thanks for your support and excellent service.

Thank you,

Herb Goldsmith
President
